SERVING DUBOIS COUNTY SINCE 1905 • IN GOD WE TRUST

Dr. Ryan A. Wetzel

Dr. Jason T. Franklin

Dr. Braxton D. Facer

DCH partners with Tri-State Orthopaedics services

WASHINGTON, Ind. – Daviess Community Hospital (DCH) is expanding specialty services through a new partnership with Tri-State Orthopaedics, the largest orthopedic practice in Evansville, and recently aligning with OrthoIndy. Beginning February 17, 2026, pain management and surgical podiatry services will be offered every Tuesday at the CORE Center in Washington, Indiana.

Through the partnership, the following providers from Tri-State Orthopaedics will begin seeing patients locally:

Dr. Ryan A. Wetzel, MD – Pain management specialist focusing on nonsurgical musculoskeletal care, spine pain, and image-guided joint and spine injections.

Dr. Jason T. Franklin, DO – Pain management specialist with a whole-person approach to treating back pain, neck pain, sciatica, and related conditions.

Dr. Braxton D. Facer, DPM – Surgical podiatrist specializing in foot and ankle surgery, including union correction, flatfoot reconstruction, tendon and ligament repair, and fracture care.

“This collaboration reflects our commitment to strengthening healthcare across southern Indiana by working closely with independent physician groups,” said Justin D. Harris, CEO of Daviess Community Hospital. “Partnerships with groups like Tri-State Orthopaedics—and previously with Jasper OB-GYN—demonstrate our strategic focus on expanding access to high-quality specialty care while keeping services local.”

Patients in Daviess County and neighboring communities will now have local access to advanced pain management options—including joint injections, spine procedures, and non-opioid treatments—as well as surgical podiatry

procedures for foot and ankle injuries, deformities, arthritis, and mobility conditions.

“Access to exceptional orthopaedic, podiatry, and pain management care is important for all active communities, and we’re extremely excited to be bringing this care to the Daviess County residents,” said Phil Rawley, CEO of Tri-State Orthopaedics. “As the leading provider of orthopaedic care in the region, we’re proud to offer the latest in diagnostics, treatment, and surgical interventions so patients can stay close to home.”

Services will be provided at the CORE Center, located on the second floor at 421 E. Van Trees Street in Washington. DCH orthopedic clinic hours are Monday through Thursday, 8 a.m. to 4 p.m.

To schedule an appointment, call Tri-State Orthopaedics at (812) 477-1558 and request the Washington office. For questions about services at the CORE Center, call (812) 254-2673.

Dubois County and Jasper Report HELP Results

In late 2021, Dubois County and the City of Jasper partnered to apply for and were selected to participate in the Hoosier Enduring Legacy Program (HELP) initiative through OCRA (Indiana Office of Community and Rural Affairs). The purpose of the program was to develop a strategic plan for using American Rescue Plan Act (ARPA) funds to improve our community and leave a lasting legacy. County and city leaders were involved in planning for program development and funding with citizen input.

Two projects/areas of focus emerged through the process and work on them wrapped in December of 2025. The first was to provide funding and support to TRI-CAP Head Start, which is an early childhood development program for low-income families. It provides comprehensive services, including education, health, and nutrition for children aged 3 to 5. \$300,000 was awarded and was fully expended for classroom, program, and office supplies, communication items, and salaries.

The second project was an Owner-Occupied Rehabilitation (OOR) program. The OOR made a significant impact on 39 homes across Dubois County. 3 homes received ADA accessibility modifications, 9 homes

received electrical work, 22 homes received HVAC work, 3 received radon mitigation systems, 29 received new roofs, and 13 had water heater replacements or improvements.

The program had construction performed by local contractors, Custom Creations, Gogel Roofing, Hulsman’s Refrigeration, Huntingburg Mechanical, Innovative Radon Solutions, Jay’s Specialty Services, John Collins Contracting, Kelly’s Heating and Air, Lindsey’s Construction, and T&T Roofing. Two inspectors were utilized for the project-Eric Curtis for home inspection, and Innovative Radon Solutions. Both inspectors are from Dubois County. Grant funds totaling \$537,194.15 were expended for OOR.

I thank Jenny Mathies and the team at Indiana 15 Regional Planning Commission who carried a large portion of the project administration. I also thank my fellow Commissioners, Auditor Sandy Morton, the City of Jasper, and the Dubois County Council for supporting this impactful project. It was a big undertaking that strengthened our communities and will leave a lasting positive impact.

Chad Blessinger
President, Dubois County Commissioners

Dubois Strong promotes Jami Marcum to Community Development Coordinator

Dubois Strong is pleased to announce the promotion of Jami Marcum to the newly created role of

Jami Marcum

Community Development Coordinator, effective Monday, January 19, 2026. In this position, Jami will oversee and advance key initiatives related to childcare, quality of place, talent attraction and retention, and broader community development priorities across Dubois County.

“I’m deeply thankful for this opportunity and the trust placed in me as I step into this new role,” Jami said. “I look forward to growing in this position, connecting with our community, supporting

local initiatives, and fostering opportunities that drive the county’s growth and continued success.”

Jami joined Dubois Strong in August 2023 as Office Manager and quickly became an essential contributor to several high-impact efforts, including a Childcare Taskforce, Boys & Girls Club committee, Tour of Opportunity, and numerous other collaborative projects. Her proven ability to coordinate partners, build relationships, and execute community-focused initiatives uniquely

positions her for success in this expanded role.

Executive Director Colten Pipenger shared, “Jami has been an incredible asset to our organization, and I cannot think of a better person to lead our community development efforts. This change positions Dubois Strong to strengthen and balance our community development and economic development responsibilities, allowing us to better support long-term progress and deliver meaningful results for the entire county.”

As Dubois Strong

continues to align resources and partnerships to support sustainable growth, Jami’s leadership will play a vital role in advancing projects that directly impact quality of life and workforce attraction. Her promotion reflects both the organization’s commitment to building local capacity and its confidence in her ability to bring stakeholders together around shared goals. Dubois Strong looks forward to the positive momentum her work will generate in the months and years ahead.

Illusionist to share substance-prevention message

The Vive18 national drug prevention tour is coming to Dubois County on Feb. 24

to show eighth-graders they can have fun, make friends and feel good without using substances. A free session for the public is scheduled for the evening.

Vive18 was created when co-founder Jake White began hosting house parties at his college without any drugs or alcohol. Within months he attracted nationally known sponsors and hundreds of students to each event. Now their team educates and inspires students in kindergarten through grade 12 to stay

free from alcohol, nicotine and other substances.

Vive18 illusionist and comedian Tom Coverly will lead three sessions Feb. 24. His presentations are being hosted by Dubois County CARES.

All of the sessions will take place at the Jasper Arts Center.

The first session of the day will be a morning program for the county’s eighth-graders. Then, each of the schools has been invited to select 12 to 15 student leaders in

the class to participate in an afternoon leadership workshop. At 6:30 that evening, Coverly will share his message for an audience of all ages at a community night. Coverly tours worldwide and has been called one of the top 10 positive people in the U.S. He is known to inspire his audiences in addition to entertaining them.

Vive18 expenses are being covered in part by grants from Being For Tomorrow Health and Wellness Foundation and

Jasper Endows Today and Tomorrow.

Illusionist and comedian Tom Coverly

Cora Sue Sams, age 84, of Santa Claus, passed away at 9:36 a.m., Sunday, January 18, 2026, at Willowdale Village in Dale. Services will be held at a later date.

Progress over Perfection

Angie Sanchez-Hostetter
Executive Director
Dubois County Chamber of Commerce
info@duboiscountychamber.com

As business owners, it’s easy to fall into the trap of waiting for the “perfect” moment, perfect timing, perfect plan, perfect conditions. The truth is, perfection often delays progress, and in today’s fast-paced business environment, forward movement matters more than flawlessness.

Progress doesn’t have to mean a major overhaul. Sometimes it’s updating your hours to better serve customers, trying a new marketing approach, reorganizing your workspace, or testing a small idea you’ve been sitting on for months. These incremental changes build momentum, confidence, and growth over time.

Perfection can be intimidating. It creates pressure and can lead to procrastination or burnout. Progress, on the other hand, allows room to learn, adapt, and improve along the way. Businesses that grow successfully aren’t always the

ones with the best plan; they’re the ones willing to take action and adjust as needed.

At the Chamber, we encourage our members to focus on consistent improvement rather than unrealistic standards. Use available resources, lean on your network, ask questions, and don’t be afraid to try something new. Every step forward no matter how small, adds value to your business and strengthens our local economy.

Remember, success isn’t built overnight. It’s built through steady progress, learning from experience, and showing up every day committed to moving forward.

Progress over perfection, because done is better than delayed.

Dubois County Chamber to host Canva crash course for small businesses

Jasper, IN — The Dubois County Chamber of Commerce invites local small business owners, entrepreneurs, and marketing professionals to attend a Canva Crash Course on Wednesday, February 11, from 12:00–1:00 p.m. The event will be held in the Cherry Room at the Jasper Public Library.

This hands-on training will introduce participants to the benefits of using Canva as a marketing tool for their business. Attendees will learn basic graphic design skills through Canva, including a

step-by-step tutorial on navigating the platform and creating professional-looking marketing materials with ease.

The session is designed for beginners and those looking to enhance their current marketing efforts, providing practical tools that can be used immediately to strengthen brand presence and visual communication.

The Canva Crash Course is free for Dubois County Chamber members. Non-members may attend for \$10.

For more information, please contact the Dubois County Chamber of Commerce.

LETTER TO THE EDITOR

The demise of Democracy

Submitted by Nancy Gehlhausen

It has been said the best way to control people is to not educate them, but it is not just the “abc’s” of education that are being considered. It is the taking away of the history from which we learn that is the threat to education. Public Monuments and Lands are being told to remove any references to indigenous peoples, slavery, gender rights, and anything that reflects negatively on this country in an effort to hide the past as if it never occurred. When history becomes lost, the truth is whitewashed and people come to know only what those in power want them to know. Without history, we have no rights and lose our Democracy.

The knowledge of our scientific world is being lost because those in power do not believe in science. They refuse to even minimally fund scientific research that educates us about climate change, the negative impact of fossil fuels, and scientific studies that can improve our health and protect us from disease and viruses. Instead, those with little or no education in the field are making statements with no scientific backing or merit whatsoever. We are being asked to blindly follow their stupidity. We lose our right to know the truth and we lose our Democracy.

Our history of generosity, kindness and empathy for those less fortunate is being erased as well. Foreign aid, food assistance programs, FEMA, medical assistance programs, and affordable housing are programs being scrutinized as if those in need are not worthy of support. White males are looked upon favorably. Without Democracy there is no equality.

Public education and public broadcasting, as well as private broadcasting, are being told what they can and cannot say. Failure to comply results in lack of funding or termination. Freedom of speech is lost without Democracy.

None of this “lack of education” affects the wealthy. They are in control and can weather any setback because they have the financial means to do so. By erasing what used to be, and creating a world for the wealthy, our Democracy (is lost. Without a history, we have no rights. Our right to free speech and our right to vote, particularly in light of redistricting in favor of the party in control, become meaningless when we are governed by a wealthy few.

This is all happening under the eyes of our Republican-led Congress. They are allowing this demise of Democracy to happen. If you value a democratic way of life, stand up for Democracy. Believe you can make a difference.

Holiday lights recycling program results in 1/4 ton of lights this year

The seventh annual Christmas light recycling program in Dubois County was a great success, with 1435 pounds of Christmas lights recycled at the Rural King and SWMD Process Center drop-off locations in December and January. This is the seventh year in a row that at least a half ton of light strands were

diverted from the landfill through this program. “We are so glad that our residents appreciate this program, and we do have residents from other counties say they wish it was available near them. Recycling helps our local economy much more than taking up space in a landfill.” States Carla Striegel-

Winner, director of Dubois County Solid Waste District, the agency that oversees the program. The Solid Waste District does plan on offering the program again next season. If anyone missed out and still has lights, they may bring them to the Process Center only at 1103 S 350 W in Jasper during regular public hours.

This recycling program is in cooperation with Jasper Salvage, Jasper Rural King and the Dubois County Solid Waste District. For more info on other programs offered by the District, Residents may go to www.duboiscountyreycles.org, visit the Facebook page, or call 812-482-7865.

Laura Grammer ATHENA display unveiled at Dubois County Museum

The ATHENA Leadership Award is a prestigious honor presented annually by the Rotary Club of Dubois County, recognizing women whose leadership, service, and commitment have made a lasting impact on the community. On January 21, 2026, the Rotary Club of Dubois County proudly unveiled Laura Grammer’s permanent display in the ATHENA exhibit at the Dubois County Museum.

Laura was named the 2025 ATHENA Leadership Award recipient on September 17 at the Club’s 13th annual ATHENA Leadership Awards Banquet. Her display now joins those of past honorees, collectively celebrating the remarkable women who have shaped Dubois County through leadership, service, and advocacy. Previous recipients include Jane Chappell (2012), Brenda Stallings (2013), Kathy Tretter (2014), Nancy Eckerle (2015), Connie Nass (2016), Tonya Heim (2017), Kim Messmer (2018), Dr. Tracy Lorey (2019), Kelly Clauss (2021), Rossina Sandoval Monsavais (2022), Sister Rose Mary Rexing (2023), and Jodi Routson (2024). The exhibit also features a complete listing of all ATHENA finalists.

ATHENA International is a nonprofit

organization dedicated to supporting, developing, and honoring women leaders. The program identifies eight key attributes that reflect women’s contributions to leadership: Authentic Self, Relationships, Giving Back, Collaboration, Courageous Acts, Learning, Fierce Advocacy, and Celebration & Joy. These qualities, combined with traditional leadership strengths such as risk-taking, assertiveness, and perseverance, define the ATHENA model of leadership for the 21st century.

Laura Grammer exemplifies these attributes through a lifetime of professional excellence and community service. A dynamic leader, entrepreneur, and advocate, Laura’s roots in Dubois County run deep. From washing trucks at her family’s business, Ackerman Oil, to helping lead and expand a multi-location chain of convenience stores, she has built a career grounded in hard work, innovation, and empowering others—particularly women.

After earning degrees in Data Processing and Mathematics and obtaining her teaching license, Laura began her career at Kimball International, where she introduced executives to emerging IT systems and trained leaders in creative problem-solving.

Laura Grammer

She later returned to Ackerman Oil, working alongside her husband Paul to modernize operations, introduce new food service concepts, and establish a Certified Manager program that opened doors for employees seeking long-term career growth. Her belief in second chances and structured support helped countless individuals—especially single mothers—find confidence, stability, and success.

Laura’s influence extends well beyond the workplace. She has played a key role in revitalizing local traditions and initiatives, including reintroducing German Flair to the Jasper Strassenfest, helping establish the Glockenspiel and May Pole, and guiding strategic planning for the Jasper German Club. She has coached youth sports, organized neighborhood events, served on the Vincennes University Foundation Board, taught religion classes at St. Mary’s Church, and brought creativity to community fundraisers such as the JHS Band Burger Bash and the Popcorn Colonel campaign. Known for her thoughtful planning, tireless work ethic, and hands-on leadership style, Laura leads by example—whether mentoring young women, supporting coworkers, or stepping in wherever help is needed. Her generosity often happens quietly, through acts of kindness and support that reflect her deep care for people and community. The ATHENA recipient is invited to choose a quote of their choice to display on their plaque. Laura chose this insightful

quip from Winnie the Pooh: You are Braver than you Believe, Stronger than you Seem and Smarter than you Think. “Laura Grammer represents the very heart of ATHENA leadership,” said Manda Combs, ATHENA Award Banquet Chair. “Her lifelong commitment to Dubois County, her passion for lifting others up, and her unwavering service to this community make her an incredibly deserving honoree. We are proud to recognize Laura and share her story through this permanent display.”

Nominations are now being accepted for the 2026 ATHENA Leadership Award. The Rotary Club of Dubois County encourages community members to nominate a woman who lives and/or works in Dubois County and is making a meaningful difference. Nomination applications are available at www.duboiscountyrotyary.com and are due May 1, 2026.

The 2026 ATHENA Leadership Awards Banquet will be held in September 2026, at the Huntingburg Event Center. Information regarding the event, keynote speaker, and sponsorship opportunities will be distributed early in 2026. For the latest updates, follow the Rotary Club of Dubois County on Facebook or visit www.duboiscountyrotyary.com.

About the Dubois County Museum The Dubois County Museum is open Tuesday through Friday from 10:00 a.m. to 2:00 p.m., Saturday from 10:00 a.m. to 4:00 p.m., and Sunday from 1:00 to 4:00 p.m. The museum is closed on Mondays. Located at 2704 N. Newton Street (US 231) in Jasper, the museum is a nonprofit organization dedicated to preserving and sharing the history of Dubois County. Operations are supported through memberships, admissions, donations, and community support. For more information, call (812) 634-7733 or visit www.duboiscountymuseum.org.

What to know before a wedding gown shopping trip

Weddings mark a turning point from one stage in life to another. The significance of that transition is perhaps one reason why couples and their guests dress so nicely for a wedding ceremony and reception. Formal garb is a wedding tradition, and guests anxiously await seeing which type of gown a bride will wear. In western cultures, white wedding gowns have been the standard since the nineteenth century and are believed to symbolize purity and grace. In eastern cultures, wedding gowns often have been elaborate, colorful creations that have their own symbolic meanings unique to various areas of the world.

Shopping for a wedding gown can spark mixed emotions. While it is exciting to try on some remarkable garments, there also is

the pressure of knowing all eyes will be on you while wearing this couture creation. Narrowing down wedding gown prospects can take vision, time and patience. The following pointers can help when it comes time to visit bridal shops.

Make an appointment

Many bridal shops operate by appointment only. That's because the staff wants to devote complete attention to a client, and having people simply walk in from the street can draw their attention away and/or lead to long wait times. Identify the stores you want to visit, and then call to secure your time slot.

Narrow down styles

Think about what your personal style might be and how you want to look on your wedding day. If you're not sure about the vo-

cabulary surrounding dress silhouettes, visit Pinterest or Instagram and save images of dresses that you love. Then you can show the sales staff what you are thinking instead of going in empty-handed.

Keep an open mind

Try on a few different styles even if you have a particular dress in mind. You never know if something might be a better fit for your body type or the scope and style of your wedding unless you give it a go.

Start the process early

Unlike off-the-rack clothing, most wedding shops will have to order your dress and have it shipped. Then comes a few weeks for alterations. KWH Bridal notes eight to 12 months before a wedding is a good time to choose and order a dress. Brides

magazine says most made-to-order wedding gowns take about six to nine months to create. There also are three separate fittings to

ensure the gown will fit like a glove.

Invite a handful of confidantes

It's best not to arrive

at the shopping appointment with an entire entourage. Pick, at the most, four people whose opinions you trust; otherwise, it could be a case of too many cooks in the kitchen. As a bride-to-be you'll already be anxious, and you'll want soothing, supportive people with you.

Plan your budget

Know well in advance what you can afford to spend. According to data from The Knot, wedding attire accounts for 7 percent of the average couple's budget. Most wedding gowns are in the range of \$2,000. Don't forget about additional costs, such as veil, shoes, alterations, undergarments, and any add-ons.

In addition to these tips, arrive to an appointment well-rested, fed and comfortable.

How to maximize outdoor wedding venues

When searching for the right place to tie the knot, each couple looks for their own unique spot. According to The Knot Worldwide 2024 Global Wedding Report, couples across the globe identify cost and venue style/type as the most important variables to consider. Nearly 75 percent of couples worldwide report getting married within 30 miles of their homes. And many couples prefer an outdoor wedding.

Outdoor weddings peaked in popularity in 2020, when the global pandemic forced

couples to be creative as they sought to tie the knot with friends and family in attendance. Statista reported that 68 percent of couples hosted their wedding ceremonies outside or partially outside in 2020. However, Hudson Valley Weddings paints a more conservative picture of outdoor weddings today, with 35 percent of weddings now being held outdoors.

Couples hold their ceremonies and receptions outside for a variety of reasons, including the chance to tie the knot in a naturally beautiful

landscape. The following are some ways to maximize the benefits of outdoor venues.

• Embrace the opportunity to accommodate more guests. Couples with large guest lists may opt for outdoor weddings because venues with outdoor space typically can accommodate more people. Outdoor spaces can be vast and not constrained by the walls of banquet halls or restaurants — allowing guests to spread out.

• Include child-friendly elements. If it would

be difficult to exclude children from the festivities, an outdoor venue can ensure kids have something to do. Kids tend to have high energy levels, and an outdoor venue gives them space to run around without crashing into something or tipping something over. Setting up a separate kids' play area also makes it easy to gather the kids in a certain spot, helping to keep children away from adults who are dancing.

• Take advantage of the aesthetic. Most outdoor spaces offer awe-inspiring features. Those who opt for spring or summer weddings can take advantage of culti-

vated, fragrant gardens or even fields of natural wildflowers. Fall weddings will be on fire with the natural oranges, reds and yellows of the changing landscape, which makes the perfect photo backdrop for nuptials. Try to time the occasion for around sunset to make outdoor areas even more special. A setting sun can cast a special glow on the festivities. And save money on decor by relying exclusively on natural features.

• Get creative with food. Part of the appeal of being outdoors for the wedding is the freedom to offer guests less standard fare in regard to food. A pig roast for a tropical

affair or even wood-fired pizzas or barbecue align well with an outdoor wedding. Caterers often suggest passed appetizers for the cocktail hour and plated meals for dinner to cut down on insects buzzing around a buffet line.

• Design a contingency plan. Every couple wants the wedding to go off without a hitch (except for the actual getting hitched part), so it's important to have a tent, pergola or covered area to retreat to in the event of rain or strong sun.

Outdoor weddings are popular options that can add a special touch newlyweds will remember for years to come.
